

LOCAL NEWS.

FRIDAY EVENING, SEPTEMBER 26.

For this section rain, slightly warmer weather, southeasterly winds.

PERSONAL.—Rev. Charles Minnigall has returned to this city from Cover, N. Y. Miss Mildred Lee has been appointed a member of the board of lady managers of the World's Fair, which is to be held in Chicago in 1892. Each commissioner was allowed to name a member of the board of lady managers, and Gen. V. D. Groner, one of Virginia's representatives, named Miss Lee.

Miss Lillie Hill is visiting in Richmond. Mr. Martin Greene, as heretofore stated, having resigned his position as mail clerk in the postoffice, to take effect on October 1st, Mr. James Lush has been appointed by Postmaster Ames to fill the vacancy. Mr. Lush filled the same position under Postmaster Windsor.

Mr. W. G. Rogers, formerly of the R. & D. R. R. in this city, but more recently of Clarksville, West Virginia, was here today on his way to Raleigh, N. C., where he has accepted a position in the R. & D. R. R. service.

POLITICAL.—A letter from Fredericksburg says: "The fight in the Eleventh district was a warm one, every day, and while Hume was some following in Stafford and King George it is not expected by some of his warmest friends that he will be able to defeat General Lee. Several of the prominent politicians from that district were in the city yesterday, and in response to the recalled disaffection replied that it was confined mainly to Stafford and King George. Outside of these counties they said Lee would get the usual democratic vote, as well as a good portion of the republican vote, which Hume would be unable to overcome. Wagers on Lee are offered at even, but find no takers, and his election is thought to be certain."

The London Telephone, republican, says: "We are so thoroughly disenchanted and disgusted by the action of the Manassas convention, that we do not feel that we are yet capable of discussing it dispassionately."

COUNTY DEMOCRATS.—A prominent democrat of Alexandria county was in the city yesterday and called at this office to inquire of the political outlook in the district. He said he had not been in the city before a week or so and was surprised to hear while here of the reported democratic disaffection in his county. He said the reports were most wantonly exaggerated; that instead of Mr. Hume having secured ninety per cent of the democratic votes of the county, he had not gotten half of them, and that by election day he would not have half that many, as the reaction was sure to come. He said that at the meeting in the Lee-branch convention a strong protest against such action was made, but that those who "ran" the meeting failed to make any report of the protest.

CIRCUS MATINEE FOR THE CHILDREN.—The managers of T. K. Burk's Great Trans-Atlantic Railroad Shows, Circus Museum, Hippodrome, School for Educated Horses and Ponies, etc., etc., will give a matinee Saturday, September 27th, for ladies and children. Every child attending will receive a present and an invitation to a ride on one of the cute little Shetland ponies. Doors open at 1 p. m. Grand entree at 2 o'clock. The full programme will be rendered: The dashing riders, thrilling aerialists, graceful acrobats, funny clowns, exciting hippodrome races, trained horses, cunning ponies, trick mules, etc., etc. There will be ample seating capacity with polite ushers in attendance.

HANDSOME SCHOONER.—The handsome four-masted schooner Elmira J. French, from Gardner, Me., with a cargo of 1300 tons of ice, arrived here yesterday evening to Messrs. F. A. Reed & Co. The French is a new schooner and this is her first trip. She is fitted throughout with all the latest appliances and modern improvements and is one of the handsomest schooners that ever entered this port. Her cabins are fitted up most conveniently and are furnished luxuriously.

DEATH OF A SCHOOL TEACHER.—Miss Lizzie Albrand, for several years past an efficient teacher in the public schools, having charge of one of the divisions of Washington school, died this evening after a long illness from typhoid fever. The deceased was a young lady of recognized abilities and was deservedly popular among all who knew her. Her mother is extremely ill.

ADDITIONAL FARE.—In the case of Boardman vs. the A. & F. R. R. Company in the Circuit Court yesterday Judge Keith gave the following among the other instructions to the jury: "The jury are instructed that a regulation of a common carrier requiring a passenger without a ticket to pay additional fare is a legal regulation and is not unreasonable."

POLICE REPORT.—Last night was cloudy and cool with one prisoner and one lodger at the station house.

The Mayor this morning disposed of the following case:

Nash Giesling, arrested by Officer Jones for being drunk and disorderly, was fined \$1.50.

THE WEATHER.—The fair, cool weather of the past few days was followed last night by rain, which has continued at intervals throughout the day. The wind is from the northeast, and there is every prospect of the continuance of "pluvial" weather for a day or two more.

COL. RANDOLPH. Sept. 26.—The R. & D. F. R. J. S. R. Thompson, Landon Kent and Barker Buggs of Washington, and others visited the grounds of the proposed park above Snickersville last Friday.—*Local Enterprise.*

Is Consumption Curable?
Read the following: Mr. C. H. Morris, Newark, Ark., says: "Was down with Abscess of Lungs, and friends and physicians pronounced me an incurable Consumptive. Began taking Dr. King's New Discovery for Consumption, am now on my third bottle, and able to oversee the work on my farm. It is the finest medicine ever made."

Jesse M. Llewellyn, Decatur, Ohio, says: "Had it not been for Dr. King's New Discovery for Consumption I would have died of Lung Trouble. Was given up by doctors. Am now in best of health."

New York, Sept. 26.—The stock market opened this morning with a moderately active business. The weakness of last evening was continued, and first prices were generally from 1/8 to 1/4 per cent. lower than last night's final figures. Several stocks yielded fractionally in the early trading, but the downward movement was checked toward the end of the hour. The market at 11 o'clock was quiet and fairly steady, generally at something under the opening prices.
